

Morning everyone

Please note there will be GUR on the left-hand side of the 9th green.

This area has been dug up to repair a leak.

May we please ask that motorised carts are not driven on wet patches and the surrounds of the greens.

Please be aware motorised carts are to be kept at least 10 metres or more from the greens.

If there is a wet area, please park the buggy to the side and walk to the ball do not drive through it.

On behalf of the President John O'Keefe and members of the management committee I have been asked to advise members that although we are only a small country club we still need to abide by the rules of golf.

It has been brought to committees' attention that members are not always abiding by the rules of golf, and this could result in disqualification.
